

ANICHE Lovelyn Ifunanya

Front-End Developer/Designer

I am a Web-designer, Web developer and Graphic designer with a passion of managing client's projects from concept to completion. I am always willing to learn and have a passion for building amazing websites that users will love. I am a content creator and a problem solver. I have managed client's projects and completed it before deadlines. Am looking forward to working with a company that I will help achieve their goals even above their expectations.
